SUMMARY

I am a MERN Stack Developer with expertise in MongoDB, Express.js, React, Node.js, and responsive web application development. I specialize in building scalable, high-performance applications, solving complex problems, and creating user-friendly experiences while delivering high-quality digital solutions with clean, efficient, and maintainable code.

KEY ACHIEVEMENTS

Full-Stack Application Development

Built scalable full-stack web applications using MongoDB, Express.js, React, and Node.js. Developed secure REST APIs and responsive user interfaces with clean, maintainable code.

Production Deployment & Optimization

Deployed applications to production with optimized performance and reliable functionality. Improved application speed, scalability, and overall user experience through efficient optimization.

Responsive UI Development

Designed fully responsive and mobile-friendly interfaces that provide a consistent experience across all devices. Implemented modern layouts and best practices to enhance usability and accessibility.

PROJECTS

Face recognition system

Developed a face recognition web application using a Multilayer Perceptron (MLP) model, enabling users to train AI models and test face recognition with real-time predictions.

Bus ticket booking system

Developed a web-based bus ticket booking system that enables users to browse routes, check schedules, and book tickets for different destinations and travel times.

Dukan Digital

Built a full-stack shop management web application using MongoDB, Express.js, React, and Node.js (MERN). Implemented RESTful APIs, responsive design, and features for efficient product, inventory, and order management.

SKILLS

Frontend Skills: HTML, CSS, JavaScript, Tailwind CSS, React, Next.js

Backend Skills: Node.js, Express.js, MongoDB, C++

Tools: Git, GitHub, Postman, Vercel

EDUCATION

Govt. High School Bhakherwali

2019 - 2021

Matriculation in Computer Science

Superior group of colleges Kotla Arab Ali Khan

2021 - 2023

Intermediate in Computer Science (ICS) with Physics

University of Gujrat

2023 - Present

BS Information Technology

LANGUAGES

English Intermediate

Urdu Native

Punjabi Native
